

DAUGHTERS OF CHARITY ORAL HISTORY COLLECTIONS

Oral history interviews are ONLY open after a sister's death or with her express permission. Other interviews may have other restrictions or may be accessible through transcription only.

Many interviews on outdated formats have been digitized, and many are available in the form of transcriptions.

This list contains interviews created in the late 20th and early 21st centuries. It does not contain the interview transcripts created between 1877 and 1903, known as the *Lives of Our Most Ancient Sisters*.

Please contact the archives at archives@doc.org to inquire about these interviews or call 301-447-6067.

All publication of interviews or transcripts MUST be approved by the Daughters of Charity Communications Department.
